I.-RATES OF POSTAGE.

Inland Letters.*

The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exceptions afterwards mentioned) is as follows:—

If paid in Advance-

		_						
Letter	weighing	not more	than :	0Z.		-	-	1d.
,,	77	more tha	n ½ oz.	but not	exceeding	1 oz.	-	2d.
23	22	more tha		,,	"	2 oz.	-	4d.
"	"	more tha				3 oz.		6d.
and so	on; two	ence bein	g char	ged for e	every addit	ional o	unce	ė.

Unpaid Letters.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid additional postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but a notice of its detention is forwarded to the sender, or, failing him, to the person to whom it is addressed.

Newspapers and other periodical Publications bearing the Newspaper Stamp circulated Inland.

Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may

be sent in any other way.

All periodical publications, including newspapers, published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz.:—

1. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable

only to newspapers properly so called.

2. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3. The title and date of the publication must be printed at the

top of every page.

4. The publication must be folded in such a manner that the

^{*} Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside; except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined.

5. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together; nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or

cover thereto, or otherwise.

6. It must be posted within fifteen days from the printed date of issue.

7. It must have either no cover, or a cover open at the ends.

8. It must not contain any enclosure.

9. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient), otherwise the paper will be charged as an unpaid letter.

10. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by fixing a postage

stamp.*

11. When a newspaper, &e., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is charged 2d.

12. In case of any other irregularity, the publication is dealt

with as an unpaid letter.

13. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is

sent through the post.

14. Unstamped publications, and stamped publications which have been issued more than fifteen days, can be forwarded within the United Kingdom and to the colonies, under the regulations of the book-post.

Newspapers sent Abroad.

Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except as regards size and that, before going abroad, the name of the newspaper must have been registered at the General Post-Office, and that, instead of requiring to have an impressed stamp (by which is meant the stamp specially

^{*} The free delivery of London, so far as applies to this rule, extends to such places only as are within three miles of the General Post-Office.

used for newspapers), each newspaper, if sent to a British colony, is liable to a postage of 1d. (which must be prepaid by a postage label*), together with an additional postage when the newspaper has to pass through a foreign country. In all cases of newspapers going abroad the impressed stamp stands for nothing. Publications registered for transmission abroad, although not strictly newspapers, are in all respects treated as such, so far as their transmission by the British office is concerned.

Parliamentary Proceedings.

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

Weighin	ng	not m	ore tl	han	4	oz.	-	-	-	-		-	1d.
"	,	more	than	4	oz.	but	not	exceed	ling,	80	z.	-	2d.

		more	than	12	OZ.					60	0%.	_	4d.

and so on; one penny being charged for every additional quarter

of a pound or fraction of a quarter of a pound.

The words Parliamentary proceedings must be written or printed on the cover of the packet, otherwise it will be liable to the letterrate of postage.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference

only is charged.

Parliamentary proceedings may be sent, under the book-post privilege, to all the colonies, and to those foreign states between which and this country there is a book-post.

Inland Book-Post.

The following are the regulations of the Inland Book-Post:-

1. Kates o	it Postage—	-								
Weighing	not more th	han 4 d	oz.	-	-	-		-	-	1d.

77	more than	1 lb.		"	"		$1\frac{1}{2}$	lb.	-	6d.

and so on; 2d. being charged for every additional half-pound or fraction of a half-pound.

2. The postage must be prepaid in full, by means of postage

stamps affixed outside the packet or its cover.

3. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with cord; but in such case the Postmaster is authorized to cut the cord, although he is required to refasten the packet.

4. A book-packet may contain any number of separate books or other publications (including printed letters and printed material

^{*} Newspapers posted unpaid are retained at the Returned Letter Office for one week, and then, if the postage still remain unpaid, are destroyed.

of every kind), prints, or maps, and any quantity of paper, parchment, or vellum. And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering, of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto; but no patterns, or books of patterns (unless these consist merely of paper), can be allowed.

5. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed as respects the name and address of the sender, not only is the writing permitted, but recommended; so that if the cover come off. or for any other reason the packet connot be forwarded, it may be

6. No book packet must exceed two feet in length, width, or

depth.

7. Any packet, which shall not be open at the ends or sides, or shall have any written letter or communication of the nature of a letter written in it, or upon its cover, will be charged with the

"unpaid" letter-postage.

8. If a packet be found to contain any written letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet. charged with the full postage as an unpaid letter, together with an additional rate (1d.); and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate (1d.), it is forwarded, charged with the deficient book-postage, together with an additional rate; but any packet which bears no postage stamp is charged with the "unpaid" letter-postage.

10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

Colonial Book-Post.

At the following rates, and on the same conditions as the foregoing (except that no packet weighing more than three pounds can be sent to the East Indies or to New South Wales, and that no book-packet can be sent to any other part of the Cape Colony than Cape Town), book-packets can be forwarded to every British colony, to Liberia, and to other parts of the West Coast of Africa:-

To India, Ceylon, New South Wales, Victoria, Tasmania (Van

Diemen's Land), South Australia, Western Australia, New Zealand, Mauritius, and Hong Kong, the rate is as follows:-

Precautions against Fraud, &c.

The head Postmaster who first receives a book-packet is required, whenever he has ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine the packet; and every book-packet which is not open at the ends or sides, or which exceeds two feet in length, width, or depth, or which has any written letter or any communication of the nature of a letter written in it or upon its cover, or which does not bear postage stamps equal to a single book-rate, is ordered to be sent up with as little delay as possible to the Returned Letter Branch of the Circulation Office Edinburgh; but in the case of any other infringement of the regulations, the packet is dealt with in accordance with the above regulations.

To prevent obstacles to the regular transmission of letters, any head Postmaster may, when necessary, delay forwarding a bookpacket for a period not exceeding twenty-four hours beyond the

ordinary time.

II.—POSTAGE STAMPS.

Every Postmaster and Letter Receiver is required to have on hand a sufficient stock of postage labels and penny stamped envelopes, and to sell them to the public at the following prices:-

Labels at 1d., 2d., 4d., 6d., and 1s. each; Envelopes at 2s. 3d.

per packet of 24.

Every Rural Messenger is authorized to sell postage labels and stamped envelopes at the same prices at which Postmasters are empowered to sell them; and when any person applies to him for such labels, the messenger must either supply them, or (if he have none in his possession) he must, without extra charge, receive the

postage in money, and, on his arrival at the Post-Office, obtain

stamps for it, and affix them carefully to the letters.

When adhesive stamps are used they should be examined to see that they firmly adhere, since if they fall off, the letters, &c., will be charged with postage, which, in the case of inland letters, is double the prepaid rate. To some places abroad also, double the prepaid rate is chargeable in such cases; and in other instances the letters, &c., are liable to be detained for the deficient postage. The stamps should be placed on the front of the letter, and upon the right-hand corner of the upper side.

Arrangements have been made by which paper and envelopes taken by the public to Somerset House can be impressed with

postage stamps.

III.—REGISTRATION.

By the prepayment of a fee of sixpence,* any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. To foreign countries letters only can be registered. The registration of a packet makes its transmission more secure by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when colonial, if not to its delivery, at least to the port of despatch. The Post-Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster-General, who will call to strict account any one neglecting his duty on this point, and, if his Lordship think proper, will require him to make good any loss that may be sustained thereby.

The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by stamps.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "registered" be dropped into the letter-box, it will, if directed to any place in the United Kingdom, be liable to a registration fee of one shilling, instead of the ordinary fee of sixpence. No Letter-Carrier or Rural Messenger is required to take letters from the public for the purpose of registering them.

The latest time for posting registered letters in the country is entered in the notice exhibited in every Post-Office, such time, unless otherwise directed by the Surveyor, being fifteen minutes before the closing of the box for the mail by which the letters are to be despatched. In the London district, however, the latest time at which a Postmaster or Receiver can be required to register a letter is half-an-hour before the time for posting ordinary letters.

^{*} This fee, in the case of a letter addressed to a place abroad, may be paid either in money or stamps but in all other cases it must be paid in stamps.

IV.—DELIVERY.

Letter-Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they have completed them, except such as have passed through a Post-Office. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

Delivery at Window.

Except where the number of daily deliveries is considerable, and where, therefore, the Surveyor considers such a regulation unnecessary, letters are delivered at the window after the arrival of every mail (within office hours) as soon as they can be sorted. In all cases, however, when there is a corresponding delivery by Letter-Carriers, the window delivery (whether to the holders of private boxes or to the public generally) does not begin till the Letter-Carriers have left the office, nor is it allowed in any way to delay the departure of the Letter-Carriers.

In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post-Office, although for persons residing within a free delivery from such office, but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window, and to send them out by the Letter-Carriers, except such as are addressed to the military in

barracks.

Private Boxes and Bags.

Any person can have a private box who is willing to pay the appointed fee. Where the fee goes to the Revenue, it is generally fixed at one guinea per annum, to be paid in advance, and for a period of not less than a year; and where it goes to the Postmaster, he may demand the same terms, though he may, at his option, take less. The same also, in most cases, are the terms for a private bag, except that in addition there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half-aguinea per annum if by a foot messenger, and two guineas if by a mounted one. As the service of a private bag, however, may possibly delay the despatch of the general bag, none are allowed without the permission of the Surveyor.

V-MONEY ORDERS.

The public are recommended, when applying for money orders to use printed "application forms," which save time, and affor greater security than verbal messages against mistakes. Thes forms are sold by Postmasters at the rate of ten for one penny, of five or any smaller number for a halfpenny.

The commission on a money order not exceeding £2 is threepence, and on one above £2 it is sixpence; no order being granted for more than £5.

No order is allowed to contain a fractional part of a penny.

With the subjoined exceptions, no money order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address—

- 1. If the remitter or payee be a peer or bishop, his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice, * except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.
- 2. When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee; and he may, if he wish it, substitute for the name of the payee any other designation or any modification of the name, as for example:—"The Cashier of the Bank of England,"—"The Chief Clerk of the Foreign Office,"—"The Publisher of the Times,"—"Messrs Longman & Co."

When application is made for a money order payable in London, or at any other town wher ethere is more than one money-order office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the head office alone.

An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the metropolitan office.

Payment of Money Orders.

When an order is presented for payment (otherwise than through a bank) the Postmaster-has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter, and if the reply be correct, the order will be paid, unless the Postmaster have good reason for believing that the applicant for payment is neither the rightful claimant, nor deputed by him. When an order is paid through a bank, it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a money order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is

^{*} The mere term "Messrs," however, is not sufficient.

thus crossed, the question put on the presentation of an ordinary money order is dispensed with.

Money orders do not require a receipt stamp.

Payment of an order must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will become necessary, for which a second commission will be charged. Any person presenting a lapsed order, will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January), all claim to the money will be lost.

No application can be entertained for compensation for alleged injury from the nonpayment of a money order at the expected time; and after once paying a money order, by whomsoever presented, the office is not liable to any further claim. The public are there-

fore strictly cautioned-

1. To guard against the loss of the money order.

2. Never to send the money order in the same letter with the

information required on payment thereof.

3. To be careful, on applying for a money order, to state correctly the surname, and at least the initial of the Christian name, of the person in whose favour it is to be drawn.

4. To see that the name of the person taking out the order is

correctly known to the person in whose favour it is drawn.

Under no circumstances can payment of an order be demanded on the day of issue; and, as respects orders granted at minor offices, time must be allowed for the advice to pass through the metropolitan office.

In case of the miscarriage or loss of a money order, a duplicate is granted on a written application (with the necessary particulars) to the Controller of the Money-Order Office of the kingdom where the original order was issued; and by a similar application to the same officer, who (except as regards a temporary power to stop payment) can alone act in such cases, authority can be obtained to transfer the payment of an order from one office to another, or to stop payment, or to correct any error in the name of the remitter or payee, or to repay the money to the remitter. Every such application, however, must contain, in postage stamps, a second commission (namely, threepence for an order not exceeding £2, and sixpence for an order above that sum), though one commission will suffice, even when, in the same application, more things than one, relating to the same order, are asked for; as both an alteration in the name of the payee and payment at another office. Unless a sufficient reason be given for an exception, the application must be either from the remitter or payee. Whenever, on complaint being made, it is found that the necessity for an application entailing the payment of a fresh commission is attributable to the Post-Office, the stamps transmitted in payment of the commission will be returned; and when it can be

ascertained where the blame lies, the officer in fault will be requir-

ed to pay the additional commission.

A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the applicant with the prescribed form of application. Moreover, if payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the Postmaster is instructed to advise the applicant for payment to communicate with the remitter, and request him to apply to the Controller of the Metropolitan Money-Order Office of the kingdom in which the order was issued, enclosing in his application the additional commission (in postage stamps) chargeable for the alteration required.

No Letter-Carrier or other servant of the Post-Office is bound to procure a money order for any person, or to obtain payment for

one; but such services are not forbidden.

No money-order business is transacted on the Sunday; neither, in England, Scotland, or Ireland, is any transacted on Christmas Day or Good Friday, nor, in Scotland, on the Sacramental Fast-Days; but for the convenience of the labouring classes, the provincial offices are kept open on the Saturday night till 8 o'clock (or as near that hour as the despatch of the mail will allow), except where the Surveyor of the district considers such an arrangement unnecessary.

Money orders are issued and paid at the chief offices in London, Dublin, and Edinburgh daily, between the hours of 10 A.M. and 4 P.M., except on Saturdays, when the hours of business are from 10 A.M. till 1 P.M. Orders are issued and paid at most provincial offices from 9 in the morning till 6 in the evening, and the time is never less than from 10 till 4. A Postmaster, however, is in some cases allowed to suspend the business during the time he is making up his letter-bags, &c., provided a notice of the intervals be placarded at his office.

The agents of the Post-Office in Malta and Gibraltar are authorized to *issue* money orders on the several money-order offices in the United Kingdom; but no orders can be *drawn* upon the above-

mentioned places.

VI.-MISCELLANEOUS REGULATIONS.

With the following exceptions, no letter, &c., can be forwarded by the post which is more than two feet in length, breadth, or depth; nor any unpaid packet which weighs more than four ounces, unless three-quarters of the postage have been paid. The exceptions are—

1. Packets to or from places abroad.

2. Packets to or from any of the Government offices or depart-

ments, or public officers.

3. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.

4. Petitions to either House of Parliament, forwarded to any member of either House.

5. Printed Parliamentary proceedings.

No information can be given respecting letters which pass through a Post-Office* except to the persons to whom they are addressed; and in no other way is official information of a private

character allowed to be made public.

Postmasters are not allowed to return any letter, &c., to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter, &c., must be delivered to the person to whom it is directed, and to him alone.

Late letters, &c.,† are received till within five minutes of the despatch of the mails, except when the Surveyor may deem a longer interval necessary, and excepting that no office is to be kept

open merely for this purpose after ten o'clock at night.

No late letters, &c., are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both

the ordinary postage and the late-letter fee.

With the subjoined exceptions, every re-directed letter, or rather postal packet, will be liable to an additionel postage (at the prepaid rate) unless the re-direction be not only made by any officer of the Post-Office, but to a place within the district belonging to the same head office. Thus, on a paid or unpaid letter re-directed by an officer of the Post-Office to any other postal district in the United Kingdom, and weighing not more than half-an-ounce, an additional postage is levied of one penny; or, if the weight be more than half-an-ounce, but does not exceed an ounce, of twopence; and so on. Upon a book thus re-directed to any other postal district in the United Kingdom, and weighing not more than four ounces, an additional postage of one penny is levied; or, if the book weigh more than four ounces, but not more than eight ounces, an additional postage of twopence; and so on. Newspapers and books, &c., received from abroad and re-posted to any other place abroad with which there is no book-post, are chargeable with letter postage. A registered letter when re-directed is not subject to a greater additional charge than an ordinary letter. Letters which have once been posted addressed to commissioned officers in the army, navy, or ordnance employed on actual service in any of her Majesty's colonies, or on any foreign station, or who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers when removed upon service, and will be delivered to them for the same postage that would have been chargeable had the letters been delivered at their original

^{*} The term "Post-Office" applies to all Post-Offices, whether Head-Office, Sub-Office, or Receiving-Office. A "Head-Office" is an office subordinate only to a Metropolitan-Office. Both Sub-Offices and Receiving-Offices are under Head-Offices; but at Receiving-Offices letters are received only, not delivered.

[†] The term "Letters, &c.," is meant to include everything sent by the post; whether letters, newspapers, books, or aught else. "Late letters" are such as are posted after the ordinary time, and which cannot be sent forward by the mail then in preparation, unless extra payment be made.

address. The same privilege extends to the letters of soldiers and seaman, except as regards foreign postage, which must be paid. No such privilege, however, is allowed with regard to letters for a commissioned officer when such officer is in the United Kingdom, and was so when the letters were posted.

Every Postmaster is required to have a notice conspicuously placarded, giving information respecting the hours of attendance,* the

despatch and delivery of letters, &c.

During the time the office is open on Sunday (viz., from 9 to 10 in the morning and one other hour), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except the issue and payment of money orders, which on that day are wholly suspended.

At no office is there more than one delivery on the Sunday, Christmas Day, or Good Friday, nor, in Scotland, on the Sacramental Fast-Days; and any person is at liberty to prevent even this, so far as relates to himself, as shown in the following regula-

tions:—

1. Any person can have his letters, &c., retained in the Post-Office on Sunday by addressing to the Postmaster a written request, duly signed, to that effect.

2. Such request will be held to include newspapers and all other postal packets, even such as may be marked "immediate," as no

distinction can be allowed.

3. No letters, &c., the non-delivery of which by the Letter-Carrier on Sunday has been directed, can be obtained from the Post-Office window on that day.

4. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing, as they may think proper; but no person can be

permitted to engage a private box for Sunday only.

5. To prevent the inconvenience and confusion which would arise from frequent changes in these instructions, no request can be entertained unless it extend to a period of at least three months, nor be withdrawn, even after the lapse of that time, without a week's notice.

No Postmaster is bound to give change, or is authorized to demand change; and when money is paid at a Post-Office, whether as change or otherwise, no question as to its right amount, goodness, or weight, can be entertained after it has been removed from the counter.

Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure

^{*} These and all other hours in this notice are in accordance with the time of the particular locality; but the despatch of the mails is by London time, with which railway time agrees.

the contents of the mail-bag or the person of any officer of the Post-Office. If such a letter, &c., be posted without the Post-master's knowledge, or if at any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the letter, &c., to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer-matches, or anything which is

explosive or combustible.

When any letters, &c., remain undelivered, owing to the residences of the persons to whom they are addressed not being known, a list of the addresses is affixed in the window of the Post-Office to which they may have been sent, during the time (one week) they

are allowed to remain there.

When the reason for the non-delivery of a letter, &c., in the country is "Refused" or "Deceased," the letter, &c., is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before their arrival. the reason is "Not known" or "Gone away," the letter is retained by the Postmaster for a period not exceeding fourteen days before being sent to the Returned Letter Office; and when the reason is "Not called for" (the letter being addressed to a Post-Office), the letter is retained by the Postmaster one month, except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months. Letters from the country addressed to London or its neighbourhood, and subsequently endorsed "Refused" or "Deceased," "Not known" or "Gone away," are first retained for three days in the Letter-Carriers' Office, and then sent, like the foregoing, to the Returned Letter Office. London district letters are sent to the Returned Letter Office on the second day after the attempt to deliver them. All inland letters which contain the name and address of the senders are returned to them the same day they reach the Returned Letter Office. Colonial and foreign letters are, with a few exceptions relating only to the former, returned in periods varying from one to two months.

Every letter, &c., which is opened at the Returned Letter Office, and found to contain the address of the sender is sent back to him; but such as do not contain the sender's address are destroyed, except

those which contain money or other articles of value.

By the Act 1st Victoria, cap. 36, sec. 2, any person conveying otherwise than by the post a letter not exempted from the exclusive privilege of the Postmaster-General incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

The following are the exceptions granted by the Act 1st Victoria, cap. 34, from the exclusive privilege of the Post-Office, in the

conveyance of letters :-

1. Letters sent by a private friend, so as such letters be delivered

by such friend to the party to whom they shall be directed.

2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings, or returns thereof, issuing out of a court of justice.

3. Letters sent out of the United Kingdom by a private vessel

(not being a packet-boat).

4. Letters of merchants, owners of vessels of merchandize, or the cargo or loading therein, sent by such vessels of merchandize, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

5. Letters concerning goods or merchandize sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such

letters.

6. No person is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same :-

1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-

horses; and owners, drivers, or guards of stage-coaches.

2. Owners, masters or commanders of ships, vessels, steam-boats, or boats called or being passage or packet boats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

3. Passengers or other persons on board any such ships, vessels,

steam-boats, passage or packet boats.

4. The owners of, or sailors or others on board a ship or boat, passing on a river or navigable canal within the United Kingdom or other her Majesty's dominions.

LIFE DEPARTMENT.

LIFE ASSURANCE effected by various modes, to suit the circumstances of parties.

The Half-Credit System, so long acted upon by this Company, and very generally adopted by the Public, will be found to suit parties whose incomes at present are moderate, but who expect to be in better circumstances at a future period.

The Alternative Plan was originated with this Company in Scotland, and has been found very suitable in many cases.

No Extra Premium charged for going to Canada and Australia, nor for residence there.

The Life Funds are kept quite distinct from those of the Fire Department, while the expenses of management are defrayed by both branches, thus relieving the Life Department of a considerable charge incurred by a purely Life Establishment. The large proportion of the Profits of the business allocated to the Policyholders has enabled the Directors to increase at each investigation the benefits to the Assured.

No Entry-Money or Policy-Stamps.

Every information given to parties on the subject of Assurance.

FIRE DEPARTMENT.

THE Company Insures Houses, Manufactories, Rents, Furniture, Goods, and Merchandise, Farming Stock, and Shipping in port or dock, from loss and damage by Fire, upon liberal terms.

No charge is made for Policies when the sum insured amounts to £300, nor for Policies when the Insurance is transferred from other Companies.

Prospectuses, and every information, given gratis at the Head Office and Branches.

LIFE ASSURANCE INSTITUTIONS,

A ND the soundness of the principles on which they are conducted, can only be thoroughly tested by time, as upwards of a quarter of a century must elapse ere the due fulfilment of their earliest Contracts.

An Office is best recommended when the past history can be

appealed to for benefits conferred.

The Edinburgh Life Assurance Company,

Established in 1823, Incorporated by Special Act of Parliament, and combining the security of a Proprietory with Mutual Assurance, has declared and paid accumulated Bonuses of £145 per cent., £110, £100, £85, £71, £65 per cent., and various others, according to the endurance and position of the Policies—the principles of division conferring the highest benefits on all First-Class Lives.

The present character of the Company is exhibited in the result of a continued successful progress of upwards of thirty-three years.

To new Insurers, the best guarantee of the future is to be found

in the past history and present position of the Company.

An Annual Intermediate Bonus, conferring same benefits as in Annual Divisions, free from the objections to that system of division.

Proposals considered from all classes of Assurers, for sums from

£20 to £5000.

Important privileges conferred on the Assured, under resolutions some time back adopted in favour of the Company's Policyholders.

No charge for Policy-Stamp, and No Entry-Money.

The Non-Participation Scale of Premium, from the extreme moderation of the rates, is well calculated for Insurances connected with Loans, or other objects of a temporary nature.

LIFE ASSURANCE.

ADVANTAGES OFFERED BY THIS COMPANY.

1. A protecting Capital of £1,000,000, fully subscribed.

2. Nine-tenths (or 90 per cent.) of the Profits divided every seven years, thereby affording the benefits of a Mutual Assurance Office, with the advantage of a guarantee against all responsibility.

3. Bonuses may be added to the sum Assured, or surrendered for a Cash Payment, or applied to the reduction of the future Premiums.

4. At each Septennial Division of Profits, an Annual Prospective Bonus is declared in favour of such Policies as may become claims within the next seven years. By this arrangement the advantage of an Annual Division is obtained, without its disadvantages.

5. The sum insured may be made payable at any given age, or

at death, if it occur previously.

6. An Ascending Scale of Premiums, whereby Policies may be

effected at the lowest possible expense.

7. On Insurances for the Whole Period of Life, half the Premium may remain on Credit for the first Five Years, or one-third during the convenience of the party Assured.

8. No extra charge for residence in British North America, the Cape, Australia, New Zealand, and parts of the United States.

9. Policies are made Indisputable, and, under certain stipulations, are exempted from Extra Charge for Foreign Residence, after the lapse of five years from their date.

10. Advances made on Policies, to the extent of the security

they afford, when the value amounts to £50 and upwards.

No Entry-Money or other charge. Policy-Stamp paid by the Office.

SURRENDER OF POLICIES.

When a party is desirous to discontinue an Assurance upon which three Annual Premiums have been paid, a liberal allowance will be made for the Surrender of the Policy, either by a Payment in Cash, or by granting a new Policy for a corresponding sum, free of Premium.

Example.

A party effecting an Insurance on his life for £1000, at the age of 30, and surrendering the Policy at the end of Ten Years, may either receive the sum of £70, 9s. 6d. in Cash, or a New Policy on his life, free of Premium, for £185, 7s. 3d.

FIRE INSURANCE.

The Company INSURES against FIRE, Silk, Cotton, Woollen, and Flax Mills, Buildings of all descriptions, Furniture, Stock-in-Trade, Merchandise, Agricultural Stock, Implements of Husbandry, and effects of every kind, at the lowest rates of Premium corresponding to the risk.

Farming Stock is Insured without the Average Clause, and loss

and damage by Lightning made good.

Extinction and Reduction of Premiums.

A Policy was opened with the Company in 1826 for £2000 on a Life when aged 45. The party paid an Annual Premium of £74, 15s., which has now been extinguished; while, in addition, a Bonus of £1518, 1s. 10d. attaches to his Policy, and it will continue to receive further Additions at each Investigation the party may survive.

A person who, at age 30, Assured in 1835 for £500 (Annual Premium £12, 12s. 11d.) has obtained an Annual Reduction of

£8, 17s., so that his future Annual Payment will be £3, 15s. 11d., instead of £12, 12s. 11d. as formerly; and, if he survive, this Annual Payment will be extinguished by the application of future Profits—after which the Policy will continue to receive Periodical Bonns Additions.

The next Division of Profits will be made in 1860.

The Directors invite particular attention to the Liberal Terms and Conditions of Assurance introduced by this Company into the Practice of Life Assurance.

SELECT ASSURANCES.

The privileges of this class are—Permission to travel and reside in any part of the world, free of Extra Premium; and the cancellation of all conditions under the Company's Policies, which thus become unchallengable on any ground whatever except non-payment of the ordinary Premium.

Assurances of five years' standing are admissable to this class.

RENEWAL PREMIUMS AND DAYS OF GRACE.

Under these regulations, Policies of five years' standing, with certain exceptions mentioned in the Company's Prospectus, cannot be forfeited, unless the ordinary Renewal Premium remains unpaid for 13 months. Thirty days is the regular period allowed for payment; but should the 30 days have been exceeded, the arrears can be paid at any time within 13 months from the date when the Premium fell due, on payment of a fine, without a medical certificate. Should death have taken place within the 30 days or 13 months before renewal of the risk, the Company hold themselves liable, the Arrears, and Fines, if any, being deducted at settlement. After the expiry of the 13 months the Policy is forfeited; but the surrender value is held at the disposal of the parties interested for five years from the regular date of renewal. The privileges of renewal under Policies of shorter duration than five years are very liberal.

SURRENDER VALUES.

Liberal allowances made for surrender of Assurances under the Profit Scheme, at any time after payment of one Annual Premium.

LOANS.

Advances made on the security of the Company's Policies to the extent of their value, at a moderate rate of interest.

ANNUAL GENERAL MEETING.

THE TWENTY-SEVENTH ANNUAL GENERAL MEET-ING of this SOCIETY was held at Edinburgh on 4th May, 1858,—Thomas Scott Anderson, Esq., senior Director, in the Chair.

There have been issued during the year ending 1st March last, 470 Policies. The sums thereby Assured amount to £213,970,

and the Annual Premiums thereon to £7,033.

One hundred and eleven Members of the Society have died during last year, and the sums payable under their Policies, including £17,034 of Bonus Additions, amount to £91,534. Although the number of deaths is twenty-two above that of the previous year, the claims thence arising amount to £5,776 less. Having regard to the advanced stage of the Society's existence, and the yearly additions to the number of Members, this circumstance is highly satisfactory.

The following was the position of the Society at 1st March

last:-

 Amount of existing Assurances,

 Annual Revenue,

 Accumulated Fund,

The attention of the Public having lately been directed to the subject of the days of grace allowed for payment of Life Assurance Premiums, the Directors take this opportunity of reminding the Members that the Society is bound, by the terms of its Policies, to accept payment of the Premiums at any time within the thirty days allowed for payment, even although the Assured may have died in the interim.

The Scottish Equitable was established in 1831, on the pure Mutual Principle; and its success having been signally great, it is now one of the most important Institutions of its kind in the British Empire. Incorporated by Royal Charters in 1838 and 1846, it obtained in 1847 a Special Act of Parliament, by which its facilities for conducting business were much increased. The Fund arising from the accumulated contributions of Members now exceeds One Million Sterling, which is invested in real securities, and is annually increasing.

DIVISION OF PROFIT.

The last Investigation took place at 1st March, 1856, when the realized surplus was ascertained to be £183,840. Of this sum £108,936, in present value, was apportioned to Policies of five years' standing, which enabled the Directors to add to those Policies £211,197 of Bonus, payable at the death of the parties assured.

The Profit undivided—viz., £74,903—will be available in next division in the year 1859.

The total amount of Additions made to Policies since the commencement of the Society is £817,971.

POLICIES RENDERED INDISPUTABLE.

On special application being made to the Directors, Policies may, after being of five years' endurance, be declared indisputable on any ground whatever, and the Assured be entitled to travel or reside beyond' the limits of Europe, without payment of Extra Premium on that account, provided the Assured has, at the time of application, no prospect or intention of going beyond said limits.

Permission is now granted to the Assured to reside, without payment of Extra Premium, in Canada, the Northern States of North America, Australia, New Zealand, and the Cape Colony.

ANNUAL INCOME UPWARDS OF £100,000,

ARISING FROM THE ISSUE OF UPWARDS OF 7000 POLICIES.

THIS COMPANY, established by Act of Parliament in 1834, affords the most perfect security in a large paid-up Capital, and in the great success which has attended it since its commencement.

Second Septennial Division of Profits among the Assured.

The Bonus added to Policies from March, 1834, to the 31st December, 1847, is as follows:—

-	Sum Assured.	Time Assured.			Sum added to Policy in 1848.		Sum Payable at Death.

* Example.—At the commencement of the year 1841, a person, aged 30, took out a Policy for £1000, the Annual Payment for which is £24, 1s. 8d.; in 1847 he had paid in Premiums £186, 11s. 8d.; but the Profits being 2½ per cent. per annum on the sum insured (which is £22, 10s. per annum for each £1000), he had £157, 10s. added to the Policy—almost as much as the Premiums paid.

The Premiums, nevertheless, are on the most moderate scale, and only one-half need be paid for First Five Years, when the Insurances are for Life.

Parties desirous to participate in the next division of Profits should make immediate application to the Resident Director at the Office, 8, Waterloo Place, London; to any of the Company's Agents, in nearly all important Towns; or to

THE uniform promptitude observed by this Institution in the A settlement of Claims—it being the desire of the Directors to relieve parties from unnecessary trouble or delay—together with the moderate and safe rates of Premiums, and the steadily increasing business of the Society, offer to intending Assurers every advantage that Life Assurance is capable of affording.

During the last Two Years nearly Five Thousand New Members have joined the Society.

ADVANTAGES OF THIS OFFICE.

- 1. Entire Profits belong to the Assured.
- 2. No lawsuits—disputes, if any, settled by arbitration.
- 3. Any sum may be assured, from £50 to £5000, payable to the Member himself on attaining any fixed age, or at once to his representatives in case of earlier death.
- 4. Arrears may be paid up at any time within twelve months, upon production of certificate of health.
 - 5. Policies indisputable, except for palpable fraud.
- 6. Purchase of Policies, or issue in lieu thereof of a Policy without Premium. The Society will always be prepared to purchase the Policies of this Office at their equitable value, or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.
- 7. Loans are granted to the amount of the surrender value, without any other security than a deposit of the Policy. By this rule the risk of Members losing the benefits of previous payments from temporary pressure of circumstances is almost entirely removed.
- 8. Thirty days allowed for payment of Renewal Premium; all Policies considered in full force until the days of grace have expired.
- 9. Liberty to travel or reside in any part of Europe, in Canada, and in the northern part of the United States, without extra charges.
- 10. No Entry-Money or other charge. Policy-Stamp paid by the Office.
- 11. Parties insuring with this Society can deduct the Annual Premium on their own or their Wives' lives from the assessment made upon them for income-tax.

N.B.—The Temperance and Public Sections are kept in separate classes, and will each receive their own Profits.

Government Annuities from £4 to £30 a-year may be contracted for through this Bank. Tables of Prices, and other particulars, may be had on application at the Office of the Bank.

. The numerous advantages of the Institution will be seen from the Pass-Books, which are given to Depositors free of any charge.

The Funds of the Bank are securely invested, and the whole Accounts are periodically Audited by a professional Auditor unconnected with the Bank.

Amount of Funds invested at 20th November, 1857, being the last Balance, was£172,400, 10s. 6d.

The total number of individual Depositors at the same date was 10,328, embracing members of every section of the Labouring and Industrious Classes.

Both the Capital and number of Depositors have considerably increased since the last Balance.

The utility and success of the CITY AND COUNTY OF PERTH SAVINGS BANK are sufficiently apparent from the amount of Business which has been done since its establishment in 1839. The number of Accounts with which it opened did not amount to 900; now they are upwards of as many thousands. The Capital in 1839 was only £3000; now it is upwards of £172,000.

Parties feeling disposed to lodge Accounts at this Establishment might labour under the erroneous impression that they are subject to other exorbitant charges besides the above scale, if the amounts are not recovered. This, however, is not the case, as the only charge made by the Subscriber on the business transacted is the mere outlay for Stationery and Postage. Creditors will receive monthly statements of their Cash collected. Balances paid on demand. No legal proceedings will be entered into without the previous sanction of the Creditor.

OBSERVATIONS.

For the better guidance of the Public, it will be necessary, in handing Accounts to the Subscriber, always to send the full name and address of both parties, with the amount due; and should it afterwards be deemed requisite to bring a complaint before the Sheriff, the particulars will be written for.

It frequently occurs that Debtors, after having been written to, prefer paying their instalments to the Creditor himself. When such is the case, intimation should be immediately forwarded here.

LIFE DEPARTMENT.

THE system of this Company presents a combination of the most important advantages, of which the following may be enumerated:—

- 1. Absolute security is afforded by the funds accumulated from Premiums, with the guarantee of a large Capital.
- 2. The Premiums are moderate.
- 3. Investigations are made quinquennially, and intermediate
 Bonuses are allowed on Participating Policies that become
 claims between two periods of Division. The interests of
 the holders of such Policies are, in this manner, equalised
 as perfectly as by any system.
- 4. Policies in which the age of the Assured is admitted are now issued, without liability to be disputed on any ground whatever, after the lapse of Five Years from their date, provided only that the ordinary Premiums be regularly paid, with any extra that may be incurred.
- 5. No extra charge is now made for residence in any part of the world north of 38 degrees of north latitude, or south of 30 degrees of south latitude, California and the Gold Regions of Australia alone excepted.
- 6. For Surrender of Policies for the term of life, effected at uniform rates, and which have been three years in force, a return of Forty per Cent. of the Premiums received will at any time be allowed, besides the value of vested Bonuses.

The next Investigation takes place at 31st January, 1862; and all Participating Policies then on the books of the Company will share in the Division of Profits.

FIRE DEPARTMENT.

Common, Hazardous, and Doubly Hazardous Risks are undertaken at the usual Rates of 1s. 6d., 2s. 6d., and 4s. 6d. per cent. respectively. Special Insurances at increased Rates.
